Custom Images

Images / Logos:

Wildwoods has developed a patent pending process where we can actually print almost any photograph, image, or company logo on the majority of our products. Table tops, barstool backs, benches, wood backdrops etc. The process can be hand worked to allow the wood grains to still show through leaving that old vintage feel.

We have a large selection of vintage images available upon request.

For company logos or other custom images, please contact us directly.

A couple of old photographs printed onto alder table tops.

An old beer bottle label from the 1920's. Started out around 3" x 3" square! The table top shown is 36"x48"
